

madara::threads::BaseThread

```
graph BT; threads::producer --> madara::threads::BaseThread
```

The diagram illustrates a class hierarchy. At the top is a white rectangular box with a thin gray border containing the text 'madara::threads::BaseThread'. Below it is a gray rectangular box with a thin black border containing the text 'threads::producer'. A solid blue arrow points vertically from the top center of the 'threads::producer' box to the bottom center of the 'madara::threads::BaseThread' box, indicating that 'threads::producer' inherits from 'madara::threads::BaseThread'.

threads::producer
